VIII. Ogden Township #14-17016-00-BR – Bid Review

Mr. Blue reminded everyone that he was given authority to award a contract for the bridge project in Ogden Township, about a mile east of Royal. He stated the engineer’s estimate is $472,000 and said all the bids were tight, with Newell Construction being the low bidder at $465,323.45. Mr. Blue said the job will start in April of 2016, and should be completed before harvest. He said it will take the majority of the summer to do the project.

Mr. Maxwell asked where exactly this is located. Mr. Blue replied that it is on old County Road 20 out of Royal to the east, about ¼ mile from the county line.

IX. Other Business

Mr. Blue passed out an invitation to an IDOT public outreach meeting. He said it has nothing to do with Highway’s program for next year, but they will probably talk about the I57/I74 interchange and other projects coming up in the next five years. He thought this would be more of a question and answer type meeting.

Mr. Blue said that as a county engineer in Champaign County, and being a county engineer in the state of Illinois, he is a member of the National Association of County Engineers. He said the Illinois delegation has nominated him to be the North-Central Regional Vice-President of the National Association of County Engineers for the next two years. He stated that if it was alright with the Committee he would like to accept that nomination. Mr. Blue said the position would be representing Illinois, Wisconsin, Minnesota, Wyoming, Montana, North Dakota, and South Dakota. He stated it would require more travel, which NAC would pay for. He explained that it is a time commitment but is something that he would like to run for. Mr. Maxwell thought it was a great idea and would be a value to Mr. Blue and the County. Mr. McGuire thanked Mr. Blue for putting his time into these extra things to represent the County. Ms. Petrie asked the time frame. Mr. Blue said it would begin immediately and go to April 2017.

Ms. Harrison asked Mr. Blue how many people weren’t working because of the State budget issue. Mr. Blue replied they are still doing everything they planned to do. He commented that the Townships and the County usually set up their programs for next year about this time of year. He explained that all the seal coating work and maintenance work on the Township and County Roads would have a plan that would be sent to IDOT for approval so they could have lettings in November for the aggregate hauling. He stated that in April they usually have their oil letting. Mr. Blue said the major seal coat contractor in town won’t have much, if any, work next year, affecting about a dozen employees. Mr. Blue said they aren’t putting together a road construction plan for next year due to the uncertainty of how much money they will have. He felt it would be about $5-6 million worth of work that contractors and employees won’t have next year. Mr. Blue said they have no plans for layoffs because our employees are funded through the highway fund instead of the MFT fund. He stated that if the money comes in January or February it will be too late to put a program together, meaning they will skip a year of construction and maintenance, which is never good. Ms. Harrison asked about the program for 2017. Mr. Blue answered that presumably it would be larger if they get all the money they should, but it will be affected by supply and demand.

Ms. Petrie commented that they could pool funds to make sure there is work next year so the price variability doesn’t come into play. She said there would need to be an intergovernmental agreement to do it, but would be a way to counter what Mr. Blue described. Mr. Blue said there will be a significant amount of construction work in Champaign because of the MCORE project. Ms. Petrie said she was thinking of the price factor the various governmental entities are going to have to eat. Mr. Alix asked how much of a price drop they could expect to see for next year in terms of contractors. Ms. Petrie asked if he was thinking of borrowing. Mr. Alix answered yes. Ms. Michaels asked if they meant bonding for the short term. Mr. Alix said he meant bonding. Mr. Maxwell stated that counties have been able to bond on MFT but felt people won’t buy the bonds due to the uncertainty of the MFT receipts. He thinks it’s a serious concern because they’ve swept funds before. Mr. McGuire felt they would keep that money and say you’ve done so fine without it, and use it to pay the $3 billion they haven’t had to borrow. Ms. Harrison suggested that county engineers at the national level could influence legislators. Ms. Petrie asked if this
was worth having a more serious conversation about and getting more information on these possibilities.

Mr. Alix said he will look into it and has to talk with our bond council next week. Ms. Petrie said this is an exploratory conversation but if they could figure a way to level the 2016-2017 years it might save money in the end. Mr. McGuire said the only other possibility is to sue them for it. Mr. Alix stated that is another option. Mr. Blue wondered if they could force us to pay our bills. He said that Dewey-Fisher is state-funded, where the State sends us a bill for our portion. Mr. Alix said they’ve discussed doing that with Health Alliance for the money they owe us for the Nursing Home and said it isn’t outside the realm of possibility.

Mr. Blue briefly explained the route they would be taking for the tour of current and future projects. He said the engineer for the East Olympian Drive project will meet them. He said they are paving Dewey-Fisher today. Mr. Blue said the engineer will be at the West Olympian Drive project as well. He said they will also go by the intersection project at Cardinal and Rising that will be done next year.

ATTEST:
Gordy Hulten, County Clerk and
Ex-Officio Clerk of the County Board

Prepared by: Jeff Blue
County Engineer
This agreement, by and between the DEPARTMENT OF TRANSPORTATION, State of Illinois, hereinafter called the DEPARTMENT, and the COUNTY OF Champaign, of the State of Illinois, hereinafter called the COUNTY.

WHEREAS, the COUNTY has elected to use the Illinois Association of County Engineer’s / Illinois Department of Transportation’s recommended salary schedule to determine the County Engineer's annual salary and has agreed that the minimum salary shall be at least ninety-five (95%) of the recommended salary:

WHEREAS, the COUNTY desires to transfer Surface Transportation Program funds to the DEPARTMENT in return for State funds to be used by the COUNTY to pay a portion of the County Engineer’s salary, an amount not to exceed fifty percent (50%) of the County Engineer’s annual salary:

NOW THEREFORE, for and in consideration of the covenants and agreements herein contained, the parties agree as follows:

THE COUNTY AGREES:

1. That it will provide the DEPARTMENT with a resolution passed by the County Board authorizing the transfer of the COUNTY’s Surface Transportation Program Funds to the State for an equal amount of State Funds.

2. That it will deposit the State funds in the COUNTY’s Motor Fuel Tax account.

3. An annual resolution appropriating funds for the payment of the County Engineer’s annual salary shall be submitted to the DEPARTMENT along with the resolution authorizing the amount of Surface Transportation Program funds to be transferred.

4. To maintain, for a minimum of 3 years after the completion of the contract, adequate books, records and supporting documents to verify the amounts, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review by the DEPARTMENT and/or Auditor General and to provide full access to all relevant materials. Failure to maintain the books, records and supporting documentation are not available to support their purported disbursement.

THE DEPARTMENT AGREES:

1. To accept the COUNTY’s Surface Transportation Program funds and make an equal amount of State funds available to the COUNTY for deposit in the COUNTY’s Motor Fuel Tax account.

2. That payment of the State funds to the COUNTY will be made each year upon receipt of the COUNTY’s resolution transferring their Surface Transportation Program funds and appropriating their Motor Fuel Tax or other funds for payment of their County Engineer’s salary.
IT IS MUTUALLY AGREED:

1. That this agreement shall remain in full force and effect for a period of six years from the date of execution unless terminated by either party upon 30 days written notification by either party. The agreement shall be temporarily suspended during any period the COUNTY does not have sufficient Surface Transportation Program funds available to be transferred.

2. Obligations of the STATE shall cease immediately without penalty or further payment being required if, in any fiscal year, the Illinois General Assembly or applicable Federal Funding source fails to appropriate or otherwise make available funds for the purpose contemplated herein.

Executed by the COUNTY this 19th day of November, 2015.

PETITION

Petitioner, William "Hank" Lewis, hereby requests an appropriation of funds from the Champaign County Bridge Fund pursuant to 605 ILCS 5/5-501. In support of this petition, Petitioner states the following:

1. Petitioner is the duly elected Highway Commissioner for the Raymond Road District, Champaign County, Illinois; and

2. There is a culvert located between Section 1 & Section 2, which is in poor condition and is inadequate to serve the needs of the traveling public; and

3. To ensure the adequacy of said structure for the traveling public, it is necessary that said structure be replaced; and

4. The cost of replacing the aforesaid structure is estimated to be $18,000.00, which will be more than .02% of the value of all the taxable property in the Raymond Road District, as equalized or assessed by the Department of Revenue; and

5. The tax rate for road purposes in the Raymond Road District was in each year for the last two (2) years not less than the maximum allowable rate provided for in Section 6-501 of the Illinois Highway Code (605 ILCS 5/6-501); and

6. The Raymond Road District is prepared to pay one-half of the cost of the replacement of said structure.

Respectfully submitted,

[Signature]
Commissioner of Highways of Raymond Road District, Champaign County, Illinois
RESOLUTION NO.

PETITION REQUESTING AND RESOLUTION APPROVING
APPROPRIATION OF FUNDS FROM THE COUNTY BRIDGE FUND
PURSUANT TO 605 ILCS 5/5-501

WHEREAS, the County Board finds that based on the representations in the attached Petition, it required pursuant to 605 ILCS 5/5-501 to provide the requested aid.

NOW, THEREFORE, BE IT RESOLVED by the County Board of Champaign County as follows:

1. The County Board hereby appropriates from the County Bridge Fund a sufficient sum to meet one-half the cost of replacing the structure on the aforesaid petition to cover the cost of materials.

2. The County Board hereby directs the County Engineer to cause plans and specifications to be prepared for said improvements.

3. The County Board hereby orders that said improvement be made under the general supervision of the County Engineer, either by the letting of a contract or by the County Highway Department doing the work.

4. The County Board hereby directs the County Engineer to certify to the County Board when the work has been satisfactorily completed to meet his or her approval. Such certificate shall include an itemized account of the cost of all items of work incurred in the completion of said improvements, and shall show the division of cost between the County and the Raymond Road District.

5. The County Board further directs the County Engineer to file said certificate with the clerk of the Raymond Road District.

6. This Resolution shall become effective upon its adoption.

PRESENTED, ADOPTED, APPROVED and RECORDED this 19th day of November, 2015.
